Grand River Hospital's Diagnostic Images Now Available in ClinicalConnect™

We are pleased to announce that diagnostic images contributed by Grand River Hospital to the Southwestern Ontario Diagnostic Imaging Network (SWODIN) have been integrated with ClinicalConnect.

As a reminder, please use Internet Explorer 9+, Safari 6.0+, Google Chrome 20+ and Firefox 14+ when viewing SWODIN images. To view diagnostic images, click the camera icon in the Radiology Module in ClinicalConnect. Some Citrix corporate environments may not support compatible browsers so you may need to launch SWODIN images outside of Citrix.

Thank you to the SWODIN team and Grand River Hospital for their assistance to integrate these diagnostic images. To see the Integration Status Chart that provides an overview of all data available in ClinicalConnect, please visit <http://info.clinicalconnect.ca/integration>. eLearning Tutorials for most modules and functionality in ClinicalConnect can be viewed by visiting <http://info.clinicalconnect.ca/CC/elearning>.

ClinicalConnect is the Regional Clinical Viewer for the connecting South West Ontario (cSWO) Program, funded by eHealth Ontario. Health Information Technology Services (HITS), a division of Hamilton Health Sciences, is the Solution Provider deploying ClinicalConnect across the four South West Local Health Integration Networks. The cSWO Program is foundational to eHealth Ontario's commitment to integrate electronic health information for all Ontarians.

The Centre for Family Medicine Family Health Team (CFFM FHT) eHealth Centre of Excellence is the Change Management and Adoption Delivery Partner (CM&A DP) for the Waterloo Wellington Local Health Integration Network, and is responsible for the deployment of cSWO Program services. Our role is to work with local health service providers to facilitate the business and technical adoption of cSWO EHR Program solutions and standards into the regular delivery of care. If you have questions, please contact us at:
