**Bluewater Health's Diagnostic Images Now Available in ClinicalConnect™**

We are pleased to announce that diagnostic images contributed by Bluewater Health to the Southwestern Ontario Diagnostic Imaging Network (SWODIN) have been integrated with ClinicalConnect. With the addition of these images, only five hospitals in South West Ontario remain to have the images they contribute to SWODIN integrated with ClinicalConnect. Images from those sites are expected to be integrated by the end of this year.

As a reminder, please use Internet Explorer 9+, Safari 6.0+, Google Chrome 20+ and Firefox 14+ when viewing SWODIN images. To view diagnostic images, click the camera icon in the Radiology Module in ClinicalConnect. Some Citrix corporate environments may not support compatible browsers so you may need to launch SWODIN images outside of Citrix.

Thank you to the SWODIN team for their assistance to integrate these diagnostic images. To see the Integration Status Chart that provides an overview of all data available in ClinicalConnect, please visit <http://info.clinicalconnect.ca>. eLearning Tutorials for most modules and functionality in ClinicalConnect can be viewed by visiting <http://info.clinicalconnect.ca/CC/elearning>.

---

ClinicalConnect is the Regional Clinical Viewer for the connecting South West Ontario (cSWO) Program, funded by eHealth Ontario. Hamilton Health Sciences is the Solution Provider deploying ClinicalConnect across the four South West Local Health Integration Networks. The cSWO Program is foundational to eHealth Ontario's commitment to integrate electronic health information for all Ontarians.

The Centre for Family Medicine FHT eHealth Centre of Excellence is the Change Management and Adoption Delivery Partner (CM&A DP) for the Waterloo Wellington Local Health Integration Network and is responsible for the deployment of cSWO Program services. Our role is to work with local health service providers to facilitate the business and technical adoption of cSWO EHR Program solutions and standards into the regular delivery of care.
