

**Updated: January 2025\***

As part of the Evidence2Practice Ontario (E2P) program, the [eHealth Centre of Excellence](#) is providing change management at no cost to support clinicians with the implementation and optimal use of E2P tools.

If you have any questions, please reach out to [EMRtools@ehealthce.ca](mailto:EMRtools@ehealthce.ca) and we will be happy to help!

## Evidence2Practice Ontario (E2P) Tool Installation Guide

### A. Import the Custom Forms

1. In PS Suite EMR, from the **Records** window, choose **Settings** > **Edit Custom Forms**.

2. In the **Forms** window, from the **File** menu, choose **Import Form(s)**.

3. Navigate to your **computer's desktop** and double-click the folder that contains the custom form files.
4. Click the **custom form(s)** in the list that you want to import.
5. Click the **Choose** button. If you are importing multiple forms at once, and depending on the speed of your computer, the import may take 30 seconds or more. A message will prompt you when the import is successful.

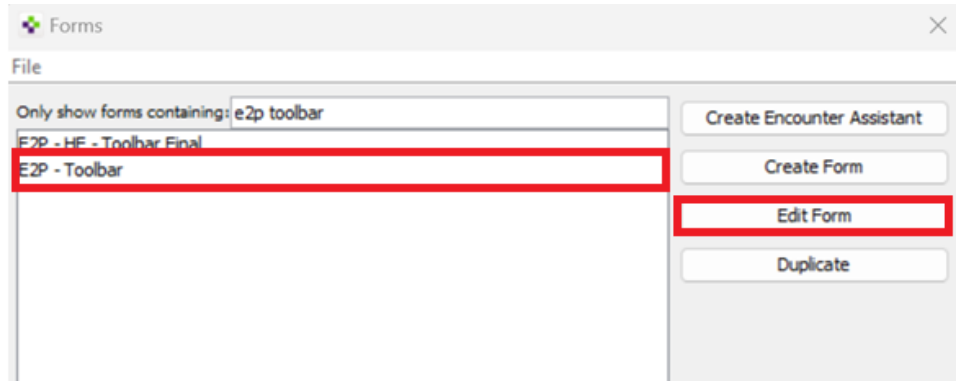

## Optional Toolbar Customization

By default, the tools open as 'pop-up' windows. Selecting and saving this checkbox will default the launching of tools directly into the progress notes section.

1. Navigate to **Settings** and select **Edit Custom Forms**

2. In the search bar, type in **"E2P"**.

Search for the form titled: **"E2P – Toolbar"**  
Click **"Edit Form"**.

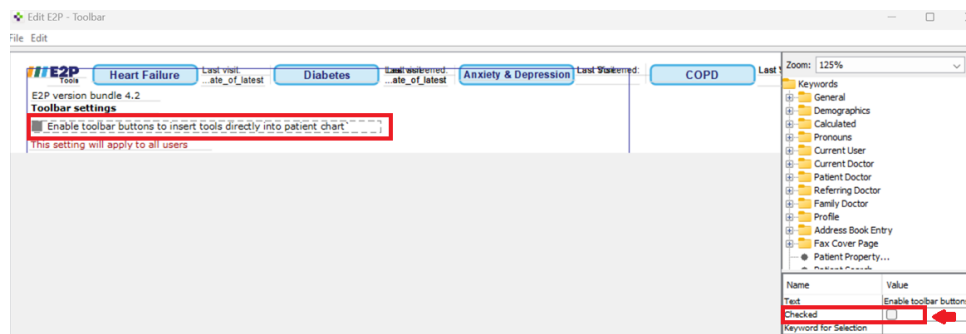

In the pop-up window, choose Basic Editor.

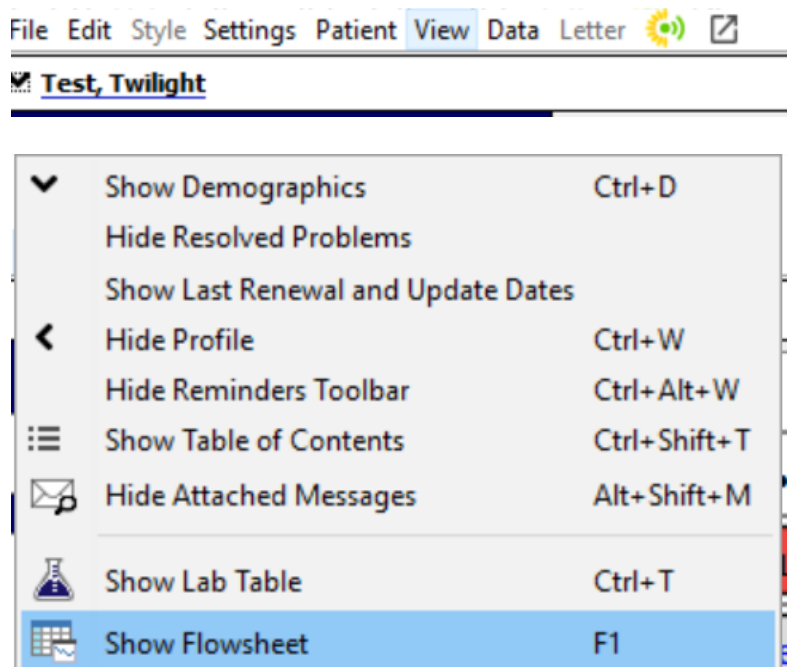

Select the box "Enable toolbar buttons to insert tools directly into patient chart"

Click "Checked" in the box on the right.

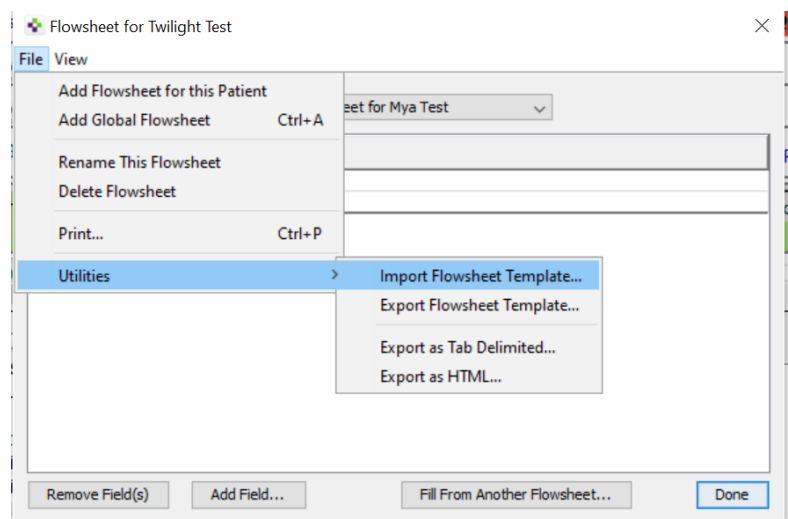

## B. Import Flowsheet

- In PS Suite EMR, from the **Records** window, choose **View > Show Flowsheet**.

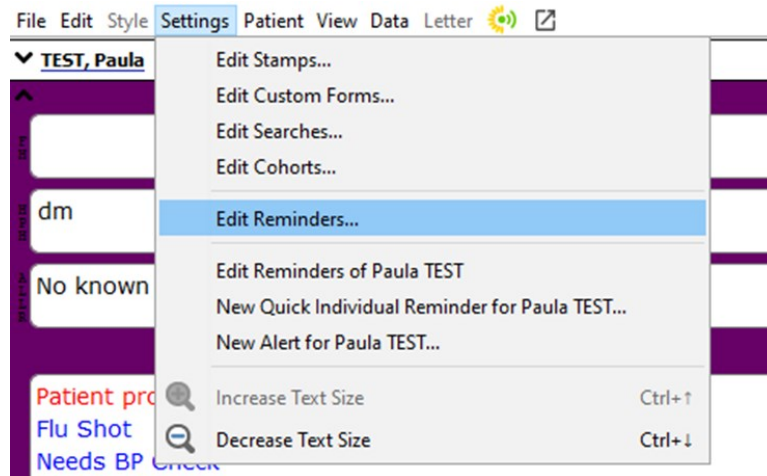

- Click **File > Utilities > Import Flowsheet Template**.

- Navigate to your **computer's desktop** and double-click the folder that contains the flowsheet files.
- Click the **flowsheet(s)** in the list that you want to import. The flowsheets will be **".flowsheet"** files.
- Click the **Choose** button. The import may take 30 seconds or more. A message will prompt you when the import is successful.

## C. Set Up Reminders

- In PS Suite EMR, from the **Records** window, choose **Settings > Edit Reminders**.

- Click **New Reminder** at the bottom.

- Enter **"E2P Toolbar"** as the name for the reminder. Then click **Add Line**.

14. Click **Other** >  
**Current User**  
**Initials** >  
**contains** >  
enter PSS  
initials.

The screenshot shows the 'Add Search Criterion' dialog. The left sidebar lists various categories, with 'Other' highlighted. The main area shows a list of criteria: 'Current Doctor Initials', 'Current User's Role', 'Current User Initials', and 'Today's Date'. 'Current User Initials' is selected, and the operator 'contains' is chosen. A search box on the right contains the text 'AAV'.

15. Click **Show**  
**Custom Form**  
**or Stamps** and  
select  
**"E2P –**  
**Toolbar"**. Then  
click **Done** to  
save your  
work.

The screenshot shows the 'Edit Reminders' dialog. The 'Reminders' list on the left includes 'E2P - Toolbar', which is selected. The 'Reminder Name' field contains 'E2P Toolbar'. The 'Current User Initials contains CL' criterion is visible in the main area. At the bottom, the 'Show Custom Form or Stamp' radio button is selected, and 'E2P - Toolbar' is chosen in the dropdown menu. The 'Done' button is highlighted with a red box.

## D. New Tool Version Process

After you have downloaded the updated tool package, follow these steps to [import the tool into the EMR](#).

### Heart Failure Management Tool – Version 3.0 Update

Before using the updated Heart Failure Management Tool, you must complete the form customizations and localization settings for certain features to work.

<p>1. Navigate to <b>Settings</b> and select <b>Edit Custom Forms</b></p>	
<p>2. In the search bar, type in <b>"E2P HF"</b>.</p> <p>Search for the form titled: <b>"E2P – HF – Visit Form PSS"</b></p> <p>Click <b>"Edit Form"</b>.</p> <p>In the pop-up window, choose Basic Editor.</p>	
<p>3. Drag the button scroll bar to the center to reveal the "form settings – customization and localization setting" window.</p> <p>Please ensure to pull the bottom right up to reveal the editor settings.</p>	
<p><b>To customize the SOAP note stamp to a different stamp follow these instructions.</b></p>	

If you would like to use the default stamp developed by E2P, please skip this step.

1. Click on the **custom stamp** box.

In the window on the right, scroll down to the line for "Checked".

Then click on the box next to it to check it off.

**Form settings - customization and localization settings**  
Changes MUST be made and saved in form editor mode. Customizations will be reflected site-wide for all users

**SOAP note stamp customization**

Enable only ONE checkbox

Resource must be completed if customizing

Default E2P stamp will be selected otherwise

1. Select option:  custom stamp

2. Stamp name: [Blank]

None (AI Scribe)

**Custom form resource localization**

All steps (1-3) MUST be completed for link to appear

**Referral targets**

1. Select Type	2. Input display label	3. Add Resource Name (website or custom form)
<input checked="" type="checkbox"/> website <input type="checkbox"/> custom form	test	www.ehealthce.ca

## A. Tool Feedback

We would love to hear your feedback! Users are welcome to share their thoughts and opinions regarding the tool. We've also included the ability to share your feedback anonymously or you can also include your email address if you would like to be contacted in the future.

\*Links can be found at the footer of each module next to the usage analytics link

## B. Overview of Usage Analytics

The eHealth Centre of Excellence tracks usage to understand the extent to which our tools are being used. We are committed to protecting the data we are collecting and sharing. With our EMR usage analytics program, we collect general information about your usage (e.g., clinic name, name of tool used, date of usage, clinician type, anonymized clinician ID, and anonymized patient ID). **There is absolutely no Personal Health Information (PHI) collected by usage analytics**, and no assessment of clinical knowledge or expertise is made. Information collected by usage analytics may be shared with external organizations, such as funding bodies and evaluators, to support program evaluation, sustainability, and future funding opportunities.

Participation in usage analytics is optional and you may withdraw your participation at any time. However, your participation ensures that E2P tools are meeting the needs of frontline clinicians. You would be supporting the meaningful adoption of clinical guidelines, as well as the development of future tools and updates. It's an easy way to support quality improvement – you don't have to do anything!

For more information, please contact [privacy@ehealthce.ca](mailto:privacy@ehealthce.ca) or see our [privacy statement](#). If you would like to learn more about our EMR usage analytics program and the benefits of participating, please visit our [website](#).

E2P brings together multi-disciplinary, cross-sector expertise under the joint leadership of the Centre for Effective Practice, eHealth Centre of Excellence, and North York General Hospital. Funding and strategic guidance for E2P is provided by Ontario Health in support of Ontario's Digital First for Health Strategy.
