

The Ontario eConsult Service, accessed on the OTNhub and a part of the **Ontario eServices Program**, is a secure web-based tool, that allows physicians and nurse practitioners timely access to specialist advice. For more information on the Ontario eServices Program visit www.eServicesProgramOntario.ca.

Regional BASE™ Managed specialty groups allow providers to send an eConsult to a specialty and have the case assigned to a specialist in that specialty from their region, where available. Learn how to send an eConsult to a BASE™ Managed Specialty here: youtu.be/-zglxVrLiYQ. We also offer **over 105 BASE™ Specialties** province-wide.

Be sure to set your **Priority Regions Settings** in your eConsult Settings, to ensure you can access these Regional BASE™ Managed Specialty groups for your preferred regions. Find out how: youtu.be/OSdZE69FzQ8
