

Specialties & Specialists Available in South West

The Ontario eConsult Service is accessed on the OTNhub and is part of the Ontario eConsult Program. For more information on the Ontario eConsult Program, visit www.eConsultOntario.ca.

eConsult is a secure web-based tool that allows physicians or nurse practitioners timely access to specialist advice for all patients and often eliminates the need for an in-person specialist visit.

Why use eConsult?

- Get specialist advice for your patient fast - on average within two days
- Improves care coordination and collaboration between clinicians
- 94% of your colleagues rate the value of eConsult high/very high
- Get high-quality advice on clinical questions (e.g. diagnosis, management, drug treatment)
- Manage patient care at the family practice level where patient trust is often highest
- Get access to over 135 specialties province-wide through the BASE™ managed option

How am I compensated?

- The service is available at no cost to the provider
- Where applicable, family physicians can bill OHIP using K738 fee code
- Specialists providing services on eConsult are paid an hourly rate of \$220, pro-rated based on the length of time it takes to complete an eConsult

eConsult Case Example:

Patient with depression who has completed multiple anti-depressant trials but continues to have avolition, low energy, excessive sleepiness, low self-image and craving for sweets. PCP requests suggestions from the specialist regarding altering her medication treatment.

How do I access specialists from my own region?

- **Regional BASE™ Managed specialty groups**
 - Send an eConsult to a chosen specialty and have the case assigned to a local specialist, where available
 - Adjust your settings to reflect your regional referral pathways to ensure cases are sent to regional groups of your preference
- **Specific Provider or Group Option**
 - Self-managed specialty groups - send an eConsult to a specific local organization-based group
 - Individual specialists - send an eConsult to a specific individual specialist of your choosing
